

Big Rock Drive, Seaboard Road, and Topanga Skyline Drive Waterline Improvement

The project will replace 336 linear feet of 8-inch diameter steel water line and provide supports to approximately 1,250 linear feet of 8-inch diameter steel water line along Big Rock Drive between Cool Oak Way and Little Rock Way; replace and relocate 163 linear feet of 6-inch diameter steel water line along Seaboard Road; and provide supports to approximately 50 linear feet of 6-inch diameter steel water line along Topanga Skyline Drive. These upgrades will improve water supply reliability for customers in the area. Construction of this project began in August 2014 and was completed in October 2014.
